

Building our new Medical Clinic in Haiti

11 May 2018

Dear friends of ICDM,

I have a wonderful announcement to make: *A dream of ours is finally coming true!*

As many of you know, it has always been a dream of our ministry to be able to build a proper Medical Clinic to serve the (very) under-served children and families near our school in Haiti.

Last year through a successful fundraising campaign we were able to raise the necessary funds! Construction is now underway and we are shooting for a Grand Opening sometime in the Fall.

Our next important step is to stock our new Medical Clinic with (gently used) donated medical equipment. **And I need your help.**

[Click here to download a copy of our medical equipment "Needs List"](#).

Would you please do the following?

1. Print out a few copies of this equipment list.
2. Take a copy and give it to personal Doctor, Dentist, Nurse, Pediatrician, Specialist....Every medical professional that you know.
3. Tell them about what we are doing and ask -- "*Hey, do you have anything on this list that you might want to get rid of and could donate? It's so important!*"

Important Note: Medical facilities in the U.S. constantly update and replace their equipment. **So, don't be shy about asking.** You never know what could happen, right?

Remember, we don't necessarily need new equipment. Gently used equipment is just fine and we are happy to provide donation receipts upon request.

If you or any donors have questions, please call Mr. Tom Puderbaugh (our coordinator for this project). His contact information is (727) 786-1910 or puderbaugh@verizon.net

Finally -- Here is our ICDM motto for the Clinic building project. I think it is a good one --

It always seems impossible....Until someone does it!

Thank you in advance for being that someone.

Sincerely yours in Christian friendship,

Pastor Yvan Pierre
Director -- International Christian Development Mission

Medical Equipment “Needs List” for Haiti Medical Clinic

Scope of Project: Haitian non-profit International Christian Development Mission (website – icdm.us) is currently building a Medical Clinic up in the mountains of rural Haiti. This clinic will be one of the only medical facilities for miles around.... Serving a **very** underserved area.

Our non-profit clinic will be staffed by both local Haitian nurses and physicians, along with visiting medical professionals (on one-week humanitarian trips) from the United States.

We are in need of the following medical equipment. Important Note: We do not require new. Decent used equipment is just fine.

- * Patient Exam tables (4)
- * Hospital Beds (2) with rolling meal tables
- * Digital X-ray machine
- * Medication refrigerator (normal voltage)
- * Automated External Defibrillator (AED)
- * Wheel chair
- * Portable ultrasound machine
- * Chairs/benches for waiting area (12)
- * Hand-held ophthalmoscope (6)
- * Manual blood pressure cuffs (6 adult and 6 pediatric, various sizes)
- * Digital thermometers (12)
- * Small storage cabinets for exam rooms (6)
- * Exam lights, prefer LED (6)
- * IV stands (4)
- * Centrifuge
- * Patient scales (2)
- * Lockable medication locker (2)
- * Birthing table
- * Newborn incubator
- * Bili light for newborns
- * Eye wash station (2)
- * Exam room chairs for patient/provider (5)
- * Stethoscopes (12)
- * Hand-held otoscope (6)
- * Sharps containers (many)
- * Battery operated pulse oximetry machines (6)
- * Small desks and chairs (4 sets)
- * Microscope, slides, etc. (2)
- * Eye charts (6)
- * Wall clocks (4)
- * Hand sanitizer pump dispensers (10)

Please, can you provide all or any? The human need is both urgent and ongoing. Thank You!
