

Chris Palcowski is 56 years old and married to Tammy LaVarro.

He lives in Celebration and has been attending Comm Pres for almost 3 years and been a member for 2 years.

His family moved to Orlando in 1978 when his Dad retired from 24 years with the Air Force.

Chris studied Architectural Drafting and Construction Technology and has worked for an Architect, designed Structural Aluminum, and has owned a Landscaping and Low Voltage Lighting Company for 10 years. His wife, Tammy, is an Interior Decorator and he currently works for her, fabricating and installing her designs, which he calls his best job yet!

He is excited to serve as Elder of Campus Operations. He enjoys a challenge and figuring out how to solve a problem. He has always felt that God blessed him with an ability to work with his hands.
